WORK EXPERIENCE

Elevate Labs	May 2025 - June 2025
Web Developer Intern	
- Developed a responsive web application using React.js and TailwindCSS, improving user engagement by 15%. - Collaborated with a team of 4 to implement a REST API using Node.js and Express, ensuring seamless data flow between the frontend and backend. - Optimized database queries in MongoDB, reducing query response time by 20%. - Integrated JWT-based authentication, securing user access for 500+ accounts. - Participated in code reviews , improving code quality and development efficiency. - Deployed the application on AWS S3 and EC2, ensuring scalability and 99.9% uptime.	

EDUCATION

Dr. A.P.J. Abdul Kalam Technical University (AKTU)	2023 - 2027
Bachelor of Technology in Computer Science Engineering - 7.7/10	

PROJECT

TaskManager Pro 	2019 - 2020
- Developed TaskManager Pro, a task management web application to streamline daily task organization and team collaboration. - Implemented user authentication (signup, login, and password recovery) with secure JWT-based access, ensuring data protection for 1,000+ users. - Designed an intuitive task management system with CRUD operations, improving task completion efficiency by 25%. - Enabled team collaboration by allowing task sharing and assignments, boosting team productivity by 30%. - Integrated email notifications for task updates and deadlines, reducing missed deadlines by 40%. - Built using React.js, Node.js (Express), MongoDB, AWS S3/EC2, and JWT authentication, ensuring scalable performance.	
Portfolio Builder 	2020 - 2021
- Developed a dynamic web application enabling users to create and customize professional portfolios with real-time previews. - Integrated drag-and-drop features using React.js, enhancing user experience and reducing portfolio creation time by 60%. - Built with React.js, Node.js, and MongoDB, and deployed on AWS S3/EC2, ensuring fast load times and scalability.	

SKILLS

Languages:	Java, HTML, CSS, JavaScript
Frameworks:	Node.js, Express.js, React.js
Libraries:	Tailwind CSS, Three.js, GSAP, React Three Fiber, JAX JSON
Databases	MySQL, MongoDB
Devops	Docker, Kubernetes, Git
APIs :	REST API (JSON-based)

ACHIEVEMENT

- Java + OOps Certified by Simplilerarn
- Java(Basics) Certified by HackerRank
